

# Building on Success: STRATEGIC PLAN 2017-2027

## Vision

Transformational Learning for a Transforming World

## Mission

Aspengrove School challenges and inspires its community to act with purpose as compassionate, knowledgeable and principled global citizens.

## Values

Curiosity  
Citizenship  
Courage  
Creativity  
Compassion

**Building on Success: Strategic Plan 2017-2027** will ensure Aspengrove School provides a teaching and learning environment that is grounded in excellence and innovation, by building success in three strategic areas:

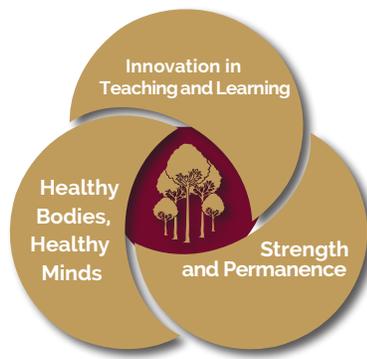

### Priority 1: Innovation in Teaching and Learning

**Objective:** Be a leader in the design and delivery of a transformational educational experience.

#### Strategic Initiatives

##### 1. Teaching Excellence

- a. Develop an Aspengrove School Teacher Profile that articulates the skills, knowledge, habits of mind and aptitudes of an Aspengrove Teacher.
- b. Develop and implement a complementary teacher recruitment and orientation program.
- c. Develop and implement a complementary professional growth model based on research and best practices.
- d. Establish an Institute for Innovation in Teaching and Learning that will be both research and practice-based.

## 2. Academic Innovation

- a. Refine and strengthen the development and delivery of the IB Continuum Curriculum JK-12.
- b. Identify and develop programs that will enhance and complement the IB Continuum Curriculum JK-12, especially in the areas of: global citizenship, environmental stewardship, experiential learning.

## 3. Co-Curricular Program Design

- a. Identify and develop co-curricular programs that serve the needs, aspirations and resources of the Aspengrove community.

## Priority 2: Healthy Bodies, Healthy Minds

**Objective:** Create a teaching and learning environment that develops health and balance.

### Strategic Initiative

#### 1. Wellness Curriculum

- a. Design and deliver an Aspengrove signature program for wellness that addresses the needs of the whole child at all developmental points and in all areas of body, spirit and mind.
- b. Create a complementary model of wellness to support the adult population of the community.

## Priority 3: Strength and Permanence

**Objective:** Provide the resources (financial, physical and human) that will ensure the continued strength of the community and the growth of the School.

### Strategic Initiatives

#### 1. Enrolment

- a. Develop and implement a long-term, comprehensive enrolment management strategy to reach targeted capacity.
- b. Develop and implement ancillary programming to build engagement from the broader community and to attract potential mission appropriate applicants.

#### 2. Learning Places

- a. Develop and implement a strategy for creating a culture of philanthropy that will support the development of programs and the physical campus.
- b. Design and build inspired physical learning spaces to support the excellence of our programs.

#### 3. Community Partnerships

- a. Identify and establish intentional external partnerships that engage the local and wider communities.
